Tradition & History

Each holiday season since 1993, we have offered a range of antique wine decanters, primarily from England and Ireland, and from the 18th through 20th centuries. As a direct result of this tradition, beautiful and rare decanters now grace the tables of many of our customers and their friends, enhancing their enjoyment of fine food and wine.

As always, each decanter is an original antique, representing one of the classic styles of this period. Each is accompanied by a letter of authentication signed by Andrew Burne, one of England's foremost experts on early English and Irish glass.

The 38 decanters in this year's offer have been organized by century.
